

Tutor/Mentor Leadership and Networking Conference

November 19, 2010

at U.S. Cellular Field (home of White Sox)

333 W. 35th Street, Chicago, IL 60616

Hosted by the **Tutor/Mentor Connection** as part of an on-going effort to help volunteer-based tutor/mentor programs operate throughout the Chicago region

**See speaker list, registration info, more at:
www.tutormentorconference.org**

Call 312-492-9614 or e-Mail tutormentor2@earthlink.net for information

The Tutor/Mentor Leadership and Networking conferences are part of a 16-year strategy intended to help volunteer-based tutoring/mentoring programs grow in the areas where there are too many poorly performing schools, too much violence, and too few programs helping young people stay in school and prepare for 21st century jobs and careers.

Theme and Focus of Conference:

The T/MC will provide an overview showing the availability of volunteer-based non-school tutoring and/or mentoring programs in neighborhoods with high poverty and multiple poorly performing schools. Workshops and panel discussions will focus on collaboration, learning from peers, and innovations that can help every tutor/mentor program attract the resources each needs to effectively engage students and volunteers.

Workshops:

Workshops and panel discussions focus on volunteer recruitment, program evaluation, social networking, fundraising, uses of technology for mentoring and marketing, and more. Speakers include tutor/mentor program leaders, college faculty, and others. Group rates and low-cost scholarships are available. Call 312-492-9614 to discuss.

On-line networking and collaboration.

The T/MC hosts an on-line forum at <http://tutormentorconnection.org> and connects to similar forums hosted by others around the country. Join in these discussions now or following the conference to expand your knowledge-base and find more ways that you, your company, your faith group or your non-profit can help kids.
